with reference to the *Erasmus+ programme – KA1 International Credit Mobility between Programme and Partner countries*, please, find below Sapienza's application procedures for incoming students and teaching staff (2nd semester 2025-2026).

The application procedure is made out of three phases:

1. APPLICATION PROCEDURES – Preselection and Nomination of the candidates (made by the partner university with deadline on October 15th, 2025);
2. ON LINE APPLICATION – Application and Documents' submission by the nominated candidates on Sapienza's informatic system (deadline on October 31st, 2025);

1. APPLICATION PROCEDURE

1.1. PRE-SELECTION OF STUDENTS AND STAFF

As stated in the “Quick reference guide for selected higher education institutions in Partner Countries/ Erasmus+ International Credit Mobility” issued by the European Commission, **the sending institution is responsible for selecting participants** and providing them with all necessary support including pre-departure preparation, monitoring during mobility, and formally recognizing the mobility period.

- The selection criteria for participants should be defined by the sending higher education institution, in agreement with the receiving institution.
- The first criterion should be academic merit, but with equivalent academic level, preference should be assigned to students/staff from less advantaged socio-economic backgrounds. Information on the mobility opportunities available and the selection procedure should be made public.
- The selection of participants, as well as the procedure for awarding them a grant, must be fair, transparent and documented and should be made available to all parties involved in the selection process.
- Erasmus+ also encourages the participation of students and staff with special needs.

When selecting your outgoing students, please, bear Sapienza's requirements in mind. In particular, as far as **language knowledge** is concerned, Sapienza will accept students with either:

4. ACADEMIC OFFER & CALENDAR

4.1 ACADEMIC OFFER 2025-2026

Erasmus+ incoming students may apply for any programs offered by Sapienza University of Rome (both Italian and English-taught). Bachelor students may pick modules taught at Master level.

Sapienza's full academic offer is available at the following link (dynamic search tool): <http://corsidilaurea.uniroma1.it/en>.

Erasmus+ incoming staff may apply for any Faculty of Sapienza.

4.2 ACADEMIC CALENDAR 2025-2026

The academic year 2025/2026 officially starts on October 1st and ends on October 31st of the following year (<https://www.uniroma1.it/it/pagina/calendario-dellanno-accademico>). However, the teaching schedule varies from faculty to faculty: students are strongly recommended to request the specific academic calendar to the administrative office of their receiving faculty (<http://www.uniroma1.it/internazionale/studiare-e-lavorare-allestero/erasmusplus/area-gestione/raef>).

The 2nd semester of the academic year 2025/2026 will start at the end of February 2026 and will end approximately on the 31st of July 2026. Examinations are usually held in June and July. Special exams sessions may be organized for students having to leave Sapienza prior to the official end of the semester, but these are very **rare cases** and have to be agreed upon with the relevant professors before the starting of classes.

5. UNDERSTANDING THE CONTRACTUAL DOCUMENTS AND LIST OF DOCUMENTS

Before the mobility starts, the candidate's institution must sign an inter-institutional agreement with Sapienza University of Rome.

The sending institution is responsible for selecting participants and providing them with all necessary support including pre-departure preparation, monitoring during mobility, and formally recognizing the mobility period. The receiving institution offers participants a study/research programme, or a programme of staff training or teaching activities. The inter-institutional agreement details the obligations of each institution (sending and hosting institution).

- [Inter-institutional agreement](#)

By signing an inter-institutional agreement, the institutions commit themselves to respecting the principles and quality requirements of the Erasmus Charter for Higher Education (ECHE) relating to the organisation and management of mobility, and agree on a series of measures to ensure high quality mobility.

- [Erasmus Charter for Higher Education \(ECHE\)](#)

The learning agreement sets out the study programme to be followed by the student, defines the target learning outcomes and specifies the formal recognition provisions. For more detailed information, please refer to these 'Guidelines on how to use the learning agreement for studies'.

Similarly, the mobility agreement for members of staff sets out the teaching or training programme to be followed, and lists the rights and obligations of each party.

7. FURTHER INFORMATION

For further questions, doubts or students/staff's withdrawals, please, contact the Erasmus+ Team at erasmusworld@uniroma1.it.

Finally, should you be interested in supporting a higher number of your outgoing students towards Sapienza, please, inform the Erasmus+ team when sending the list of nominated students. Sapienza can host a larger number of students if compared to the scholarships available. In such cases, extra students can come to Sapienza as zero EU grant, namely they are not due to pay fees to Sapienza, but they do not receive any E+ ICM scholarship.

We would like to take this opportunity to wish you a very successful academic year and we look forward to welcoming your students.

Yours sincerely,
Internationalization of didactics and non-EU Mobility Unit
