2027-2028 Fulbright Foreign Student Program

Application Now Open!

Application Deadline: June 04, 2026

The U.S. Embassy in Algeria is pleased to announce the opening of the 2027 Fulbright Foreign Student Program application. The Fulbright Foreign Student Program supports graduate students from Algeria to research and study in the United States for one year or longer at U.S. universities or other educational institutions. Participants experience life in the United States and share their culture and traditions with Americans.

Participants will be selected through an open, merit-based competition in which leadership potential, academic excellence, and the ability to adjust to life in the United States are considered. By receiving a Fulbright Foreign Student Program award, participants become part of a global network of Fulbright participants and alumni.

The Fulbright Foreign Student Program is a program of the U.S. Department of State with funding provided by the U.S. Government and is administered by Amideast in the Middle East and North Africa region.

Selected candidates should be available for interviews in Algiers during the end of the month of June 2026. In addition, Fulbright participants are subject to section 212(e) of the Immigration and Nationality Act, which is a post-program home-country physical presence requirement. Upon completion of their Fulbright Program, participants are required to return to and reside in their home country or territory for an aggregate of two years before being eligible for U.S. immigrant and certain nonimmigrant visas. For more details, please visit the U.S. Department of State website.
